

Sustaining Success

Answer these questions in the Venn diagram:

How do you achieve success in lessons at the moment? E.g. set targets, plan my work, active listening, completing all the tasks etc...

What action will you take to achieve 70-80% success rate in every lesson?

Answer these questions outside of the Venn diagram:

What percentage success rate are you achieving now?

What would 70-80% success in every lesson, lead to at the end of the year and in the future?
